### CanMEDS Roles Integrated in Today's Presentations

#### MEDICAL EXPERT

As **Medical Experts**, physicians integrate all of the CanMEDS Roles, applying medical knowledge, clinical skills, and professional attitudes in their provision of patient-centered care. **Medical Expert** is the central physician Role in the CanMEDS framework.

#### COLLABORATOR

As **Collaborators**, physicians effectively work with patients, families, and the healthcare team to achieve optimal patient care.

#### COMMUNICATOR

As **Communicators**, physicians effectively facilitate the doctor-patient relationship and the dynamic exchanges that occur before, during, and after the medical encounter.

#### SCHOLAR

As **Scholars**, physicians demonstrate a lifelong commitment to reflective learning as well as the creation, dissemination, application and translation of medical knowledge.

#### HEALTH ADVOCATES

As **Health Advocates**, physicians responsibly use their expertise and influence to advance the health and well-being of individual patients, communities, and populations.
