COURSE OVERVIEW:

Removable prosthodontics play an important role in the replacement of teeth. As digital dentistry is revolutionizing how care is provided in the dental office, this compact lecture will provide everything you need to know to get started with digital dentures in your office, including how and what to expect.

This will be an introduction session to our **MINI RESIDENCY: Digital Denture Fabrication** which will be held in January 2020.

LEARNING OBJECTIVES:

At the conclusion of this educational activity, the participants should be able to:

1. List various types of digital removable prosthetic restorations
2. Understand how to manage various types of removable prosthodontic materials
3. List when each type of removable prosthesis is indicated
4. Understand how to manage these removable prosthesis
