R for Absolute Beginners

October 26, 27, 28 • 9:00 am - 12:00 pm (CT)
Online Workshop (register at bit.ly/3iiDXAV for webinar access)

This 3-day workshop series, presented by CHI's Data Science platform, will introduce participants to R by providing instruction and hands-on exercises. Participants will leave with an understanding of basics in R including data manipulation, graphics, and programming.

Learning Objectives

» Introduce R - why use it, user interface (R Studio) and basic data structures.

» Overview of data management techniques using tidyverse.

» Learn elementary graphic functions for data visualization.

» Learn how to import and export datasets.
