

Opioid Agonist Therapy Preceptorship - Contact Information

For Physicians and Nurse Practitioners Only: methadone and buprenorphine/naloxone Approval (Pathway # 1 for Physicians)

After completion of the 2 day workshop, “Opioid Replacement Therapy 101: An introduction to clinical practice”, you are required to complete a preceptorship consisting of four half days of clinical training spent with an approved, experienced methadone and buprenorphine/naloxone prescriber. You are responsible for arranging this yourself utilizing the contact information provided below.

You may complete the four half days under the supervision of one or maximum two different prescribers. Different methadone and buprenorphine/naloxone prescribers and/or clinic settings have the advantage of exposing you to different practice styles/clinic models.

Ideally your preceptorship should be completed within 6 months of attending the two day workshop “Opioid Replacement Therapy 101: An introduction to clinical practice”. Your supervising prescriber(s) will not be required to send a formal letter of support after completion of your preceptorship. They are however asked to report back to me should there be any significant concerns. Your regulating college (CPSM or CRNM) may address such concerns by recommending further 1:1 training and/or clinic time.

Physicians approved to supervise your training include:

1) At the MOST Program (AFM):

Dr. Morag Fisher

Dr. Ginette Poulin

Dr. Hanka Hulsbosch

Dr. Kulvir Badesha

Dr. Camisha Mayes

Dr. James Edye-Rowntree

Contact Doug Amouzouvi, Clinic Supervisor - MOST program, at

damouzouvi@afm.mb.ca or 204-944-7072 to arrange your clinic time.

2) At the Health Sciences Centre Bridging OAT Clinic, Winnipeg, MB:

Dr. Marina Reinecke

Contact Dr. Reinecke directly at MReinecke@cpsm.mb.ca or 204-294-2162 to arrange your clinic time.

- 3) At the Opaskwayak Health Authority OAT Clinic, OCN, MB:

Dr. Marina Reinecke

Dr. Erin Knight

Dr. Joanna Lynch

Contact Dr. Reinecke directly at MReinecke@cpsm.mb.ca or 204-294-2162 to arrange your clinic time.

- 4) At the Primary Care Outreach Clinic, Dauphin, MB:

Dr. Leonora Lopez Gardner

Dr. Nicole Vorsters

Contact Dr Lopez Gardner directly at dr.lopezgardner@gmail.com or 204-647-1621 to arrange your clinic time.

Contact Dr. Vorsters directly at umvoster@myumanitoba.ca or 204-638-6445 to arrange your clinic time.

- 5) At the Aikins Street Community Health Center, Winnipeg, MB:

Dr. Jennifer Chan

Contact Dr. Chan directly at chanimal@shaw.ca to arrange your clinic time.

- 6) RAAM Clinic - Crisis Response Centre, Winnipeg, MB

817 Bannatyne Avenue

Regular Hours: Tuesdays, Wednesdays, and Fridays from 1 to 3 p.m.

Contact Dr. Erin Knight directly at eknight@hsc.mb.ca or 204-787-2428 to arrange your clinic time.

- 7) RAAM Clinic - River Point Centre, Winnipeg, MB

146 Magnus Avenue

Regular Hours: Mondays from 1 to 3 p.m. and Thursdays from 9:30 to 11:30 a.m.

Contact Dr. Ginette Poulin directly at ginettepoulin@hotmail.com or dr.gpoulin@afm.mb.ca to arrange your clinic time.

8) At the Pine Falls Health Centre, Pine Falls, MB:

Dr. Manish Garg

Contact Dr. Garg directly at mgarg@ierha.ca or 204-753-2351 (office) or 204 340 2650 (cell) to arrange your clinic time.

CPSM candidates: After completing your preceptorship, please e-mail me a list of your clinics, including the dates and name(s) of your preceptor(s) at MReinecke@cpsm.mb.ca. This will allow me to provide confirmation to the CPSM on your behalf that you have completed the required training for your methadone and buprenorphine/naloxone prescribing approvals. The CPSM will in turn process your prescribing approvals. You will receive a letter from the registrar confirming that you may start prescribing methadone and buprenorphine/naloxone for the purpose of opioid agonist therapy.

CRNM candidates: After completing your preceptorship, submit the completed CRNM [Application Methadone Prescribing for Opioid Use Disorder](#) to practice@crnm.mb.ca.

For more information, please see [Prescribing Controlled Drugs and Substances](#) at www.crnmb.ca.

For Physicians Only (buprenorphine/naloxone approval pathway # 2. route A)

This route is available to **physician** prescribers **only**. Physicians who are pursuing this route are required to complete a preceptorship consisting of a minimum of one half day of clinical training spent with an approved, experienced buprenorphine/naloxone prescriber. You are responsible for arranging this yourself utilizing the contact information provided above.

Ideally your preceptorship should be completed within 3 months of completing one of the approved buprenorphine/naloxone online courses. Your supervising prescriber(s) will not be required to send a formal letter of support after completion of your preceptorship. They are however asked to report back to me should there be any significant concerns. The CPSM may address such concerns by recommending further training and/or clinic time.

After completing your preceptorship, please e-mail me your clinic date(s), including the name(s) of your preceptor(s) at MReinecke@cpsm.mb.ca. This will allow me to provide confirmation to the CPSM on your behalf that you have completed the required training for your buprenorphine/naloxone prescribing approval. The CPSM will in turn process your prescribing approval. You will receive a letter from the registrar confirming that you may start prescribing buprenorphine/naloxone for the purpose of opioid agonist therapy.

For Pharmacists Only

Preceptorship consisting of clinical training of one or more half days with an experienced methadone and buprenorphine/naloxone prescriber is optional. If you would like to participate in clinical training, please contact one of the approved physicians listed above. Pharmacists do not need to provide confirmation of completion of clinical training to the College at this time, but must document the dates and times of additional training. Please see the CPhM website www.cphm.ca for information on accreditation of clinical training.
