COMMENTS ON ANY OF THE QUESTIONS:

Please indicate reason for any "YES" answers for #'s 2 - 51)

I have had a rare cyst on my right side face near TMS area when i was a baby. I had surgery when I was around 8 yrs old. to have it removed. They couldn't remove it fully due to being close to nerve. It flared up 3 yrs ago randomly and went away. I am kind of nervous to get the injections myself but I never had problems from L.A. before. This pandemic has brought on some anxiety for myself. which I never had before.

OOB PRESSURE: (to be taken day of Workshop) _____

I have reviewed the Dr. Gerald Niznick College of Dentistry, infection prevention and control material and am prepared to implement the procedures outlined in the course content in a safe manner
