

LGJUN

LGJun is a woman who likes to live a life of adventure. She has traveled all over the world, learning about and experiencing different cultures and cuisine. She remembers with special fondness a trip to Greece where she and her husband enjoyed the gastronomic delights of the area and the hospitality of the people. In addition, in her country she has led a nomadic life, traveling by van and bus adapted for the same. Right now she is settled in her home, where she enjoys taking care of her garden.

She is afraid of the unknown and is afraid of depending on health professionals and that her preferences will not be taken into account. She says she is not ready to die.
