

NIMAY

Liza is a courageous woman.

She was diagnosed with very rare lung cancer stage IV. She is 28 years old and got married a month before being diagnosed.

She has degrees in Psychology and Social Work and works with at-risk children and youth in challenging situations.

She used to run marathons.

Liz has strong family support. Her sister and best friend is an ICU nurse and lives next door.

She believes her cancer is treatable, and she plans to have kids. It's important to her to be physically active.
