

## Opioid Agonist Therapy Approved Preceptorship & Contact Information

### For Methadone & Buprenorphine/Naloxone Approval

#### For Physicians and Nurse Practitioners

After completion of the two-day workshop, [Opioid Agonist Therapy 101: An Introduction to Clinical Practice](#), you are required to complete a preceptorship consisting of four half-days of clinical training spent with an approved, experienced methadone and buprenorphine/naloxone prescriber. You are responsible for arranging this yourself utilizing the contact information provided below.

You may complete the four half-days under the supervision of one or maximum two different prescribers. Different methadone and buprenorphine/naloxone prescribers and/or clinic settings have the advantage of exposing you to different practice styles and clinic models.

**Ideally your preceptorship should be completed within six months of attending the two-day Opioid Agonist Therapy 101 Workshop.** Your supervising prescriber(s) will not be required to send a formal letter of support after completion of your preceptorship. However, they are asked to report any significant concerns to the Medical Consultant of the Prescribing Practices Program (Dr. Reinecke) if warranted. Your regulating college (CPSM or CRNM) may address such concerns by recommending further 1:1 training and/or clinic time.

Physicians approved to supervise your training are listed below with the best contact routes for their respective sites:

- 1) **MOST Program Winnipeg** (Addictions Foundation of Manitoba)  
146 Magnus Avenue Winnipeg, MB

Dr. Ruth Simkin

Dr. Camisha Mayes

Dr. Anne Durcan

Dr. James Edye-Rowntree

Dr. Morag Fisher (no longer with MOST but some RAAM coverage)

Dr. Jasdeep Mancer

**Contact Assistants Maxine Brown at [mbrown@afm.mb.ca](mailto:mbrown@afm.mb.ca) (204-944-7070) and Kristen Douglas at [kdouglas@afm.mb.ca](mailto:kdouglas@afm.mb.ca) to arrange a clinic. (Please ensure only one shadowing clinician is booked at a time.)**

- 2) **MOST Program Brandon** (Addictions Foundation of Manitoba)  
510 Frederick Street Brandon, MB  
  
Dr. Marita Athaide  
  
**Contact Krista Penner, RN, at [kpenner@afm.mb.ca](mailto:kpenner@afm.mb.ca) or 204-729-3854 to arrange.**
  
- 3) **Brandon RAAM Clinic**  
20 - 7<sup>th</sup> Street Brandon, MB  
Clinics on Mondays, Tuesdays, & Wednesdays  
  
Dr. Ranjit Tatineni  
  
**Contact Lori Kemp at [lkemp@pmh-mb.ca](mailto:lkemp@pmh-mb.ca) or 204 578 4802 to arrange.**
  
- 4) **Crisis Response Centre RAAM Clinic**  
817 Bannatyne Avenue Winnipeg, MB  
Regular Hours: Tuesdays, Wednesdays, and Fridays 1 to 3 pm. Please note patients must arrive within these regular hours, but the drop-in clinics actually run 1 to 5 pm, and follow-up clinics run Mondays 1 to 5 pm, Thursdays (virtually) 1 to 5 pm, and Fridays 9 am to 12:30 pm.  
  
**Contact Assistant Marjorie Maglalang at [mmaglalang@hsc.mb.ca](mailto:mmaglalang@hsc.mb.ca) or Dr. Erin Knight at [eknight@hsc.mb.ca](mailto:eknight@hsc.mb.ca) or 204-787-2428 to arrange.**  
  
**For specific preceptorship with Dr. Zheng Ming Xi, contact Dr. Xi directly at [z.xi@alumni.utoronto.ca](mailto:z.xi@alumni.utoronto.ca) or [Zheng.xi@umanitoba.ca](mailto:Zheng.xi@umanitoba.ca) or 204-880-9418 to arrange.**
  
- 5) **River Point Centre RAAM Clinic**  
146 Magnus Avenue Winnipeg, MB  
Regular Hours: Mondays and Wednesdays 1 to 3 pm, and Thursdays 9:30 to 11:30 am.  
  
**Contact Dr. Ginette Poulin at [ginettepoulin@hotmail.com](mailto:ginettepoulin@hotmail.com) or [dr.gpoulin@afm.mb.ca](mailto:dr.gpoulin@afm.mb.ca) or 204-979-0990 to arrange.**
  
- 6) **Selkirk Community Health Office RAAM Clinic**  
237 Manitoba Avenue Selkirk, MB  
Regular Hours: Tuesdays from 12:30 to 3:30 pm.  
  
Dr. Manish Garg  
  
**Contact Dr. Garg at [mgarg@ierha.ca](mailto:mgarg@ierha.ca) or 204-340-2650 (cell) to arrange.**
  
- 7) **Selkirk Community Area**  
Dr. Nicole Vosters (relocated to Selkirk Area)  
  
**Contact Dr. Vosters at [umvoster@myumanitoba.ca](mailto:umvoster@myumanitoba.ca) or 204-785-2550 to arrange.**

- 8) **Pine Falls Primary Health Care Complex**  
37 Maple Street Pine Falls, MB  
  
Dr. Manish Garg  
  
**Contact Dr. Garg at [mgarg@ierha.ca](mailto:mgarg@ierha.ca) or 204-753-2351 or 204 340 2650 (cell) to arrange.**
- 9) **Opaskwayak Health Authority OAT Clinic**  
Opaskwayak Cree Nation (OCN) Opaskwayak, MB  
  
Dr. Marina Reinecke      Dr. Erin Knight      Dr. Joanna Lynch  
  
**Contact Dr. Reinecke at [MReinecke@cpsm.mb.ca](mailto:MReinecke@cpsm.mb.ca) or 204-294-2162 to arrange.**
- 10) **Fischer Clinic, Northern Regional Health Authority**  
320 Fischer Avenue The Pas, MB  
Please contact Dr. Yameen directly to set up a primary care OAT preceptorship for a busy clinic day with multiple OAT follow ups, and occasional consults and inductions.  
  
Dr. Raad Yameen  
  
**Contact Dr. Yameen at 905-599-6941 to arrange, as above.**
- 11) **Substance Use Disorder Clinic, Percy E. Moore Hospital**  
MB-235 Hodgson, MB  
Regular Hours: the SUDC has one physician day per week (Tuesdays or Wednesdays),  
Dr. Hodgson attends approximately half of these.  
  
Dr. Scott Hodgson  
  
**Contact Dr. Hodgson at [scott.d.hodgson@gmail.com](mailto:scott.d.hodgson@gmail.com) or 204-372-8444 to arrange.**
- 12) **Primary Care Outreach Clinic, Dauphin Community Health\***  
625 3rd Street SW Dauphin, MB  
  
Dr. James Rae  
  
**Contact Dr. Rae at [jrae1@pmh-mb.ca](mailto:jrae1@pmh-mb.ca) or 204-572-4762 to arrange.**  
\*Dr. Leonora Lopez Gardner relocated, may contact at [dr.lopezgardner@gmail.com](mailto:dr.lopezgardner@gmail.com) to inquire if offering preceptorship/mentoring.
- 13) **Primary Care Outreach Clinic, Swan Valley Primary Care Centre**  
1000 Main Street Swan River, MB  
  
Dr. Adrian Fung  
  
**Contact Clinical Lead, Leisa Lukie, at [llukie@pmh-mb.ca](mailto:llukie@pmh-mb.ca) or 204-734-6786 to arrange.**

**CPSM registrants:** After completing your preceptorship, please e-mail a list of your clinics, including the dates and name(s) of your preceptor(s), to the Medical Consultant of the Prescribing Practices Program (Dr. Reinecke) at [MReinecke@cpsm.mb.ca](mailto:MReinecke@cpsm.mb.ca).

Dr. Reinecke, on your behalf, will provide confirmation to the CPSM Registrar that you have completed the required training for your methadone and buprenorphine/naloxone prescribing approvals. CPSM will then process your prescribing approvals. You will receive a letter from the Registrar confirming that you may start prescribing methadone and buprenorphine/naloxone for the purpose of Opioid Agonist Therapy (OAT).

**CRNM registrants:** Complete **Part B** of the [Methadone Prescribing for Opioid Use Disorder Application Form](#) and submit it to [practice@crnm.mb.ca](mailto:practice@crnm.mb.ca). You will receive an email from CRNM confirming your methadone prescribing privileges. For more information, please see [CRNM's Prescribing Controlled Drugs and Substances](#) at [www.crnmb.ca](http://www.crnmb.ca).

## For Buprenorphine/Naloxone Approval Only

### **For Physicians Only**

Physicians seeking a prescribing approval for buprenorphine/naloxone only, without methadone, who are pursuing Route A (see the **OAT Approval Training Process** document, which can be downloaded from this [CPSM webpage](#) for details) are required to complete preceptorship consisting of a minimum of one half-day of clinical training spent with an approved, experienced buprenorphine/naloxone prescriber. You are responsible for arranging this yourself, utilizing the contact information provided above. If Route A is pursued, after the half-day is completed, you also need a **formal mentor identified for the first year prescribing buprenorphine**. This mentoring physician must simply be willing to provide you with guidance as needed during your first year in OAT practice.

**Ideally your preceptorship should be completed within 3 months of completing one of the approved buprenorphine/naloxone online courses.** Your supervising prescriber(s) will not be required to send a formal letter of support after completion of your preceptorship. However, they are asked to report any significant concerns to the Medical Consultant of the Prescribing Practices Program (Dr. Reinecke) if warranted. CPSM may address such concerns by recommending further training and/or clinic time.

After completing your preceptorship, please e-mail a list of your clinic(s), including the dates and name(s) of your preceptor(s), to the Medical Consultant of the Prescribing Practices Program (Dr. Reinecke) at [MReinecke@cpsm.mb.ca](mailto:MReinecke@cpsm.mb.ca). **Also provide the name of your mentor** for your first year of OAT practice.

Dr. Reinecke, on your behalf, will provide confirmation to the CPSM Registrar that you have completed the required training for your buprenorphine/naloxone prescribing approval. CPSM will then process your prescribing approval. You will receive a letter from the Registrar confirming that you may start prescribing buprenorphine/naloxone for opioid use disorder.

### **For Nurse Practitioners Only**

Nurse practitioners can obtain a notation to prescribe buprenorphine/naloxone only (without methadone) after completion of one of the approved buprenorphine/naloxone courses. Nurse practitioners interested in a buprenorphine-only notation are required to complete preceptorship consisting of one half-day of clinical training spent with an approved, experienced buprenorphine/naloxone prescriber. You are responsible for arranging this yourself, utilizing the contact information provided above. You also need a **formal mentor identified for the first year prescribing buprenorphine**. This mentoring prescriber must simply be willing to provide you with guidance as needed during your first year in OAT practice. Registrants also need to continue to demonstrate [Practice Expectations for RN\(NP\)s](#).

**Ideally your preceptorship should be completed within 3 months of completing one of the approved buprenorphine/naloxone online courses.** After preceptorship, complete the [Buprenorphine Prescribing for Opioid Use Disorder Application Form](#) and submit this with your mentor's name and certificate of completion to [practice@crnm.mb.ca](mailto:practice@crnm.mb.ca). You will receive an email from CRNM confirming your buprenorphine/naloxone prescribing privileges. For more information, please see [CRNM's Prescribing Controlled Drugs and Substances](#) at [www.crnmb.ca](http://www.crnmb.ca).

## **For Methadone & Buprenorphine/Naloxone Dispensing**

### **For Pharmacists Only**

Preceptorship consisting of clinical training of one or more half-days with an experienced methadone and buprenorphine/naloxone prescriber is optional. If you would like to participate in clinical training, please contact one of the approved physicians listed above. Pharmacists do not need to provide confirmation of completed clinical training to CPhM at this time, but must document the dates and times of additional training. Please see the CPhM website [www.cphm.ca](http://www.cphm.ca) for information on accreditation of clinical training.

**Questions?** Do not hesitate to contact the CPSM with any questions:

**Marina Reinecke** MBChB, CCFP(AM), ISAM  
Medical Consultant, Prescribing Practices Program  
College of Physicians & Surgeons of Manitoba  
[MReinecke@cpsm.mb.ca](mailto:MReinecke@cpsm.mb.ca) or [tcarter@cpsm.mb.ca](mailto:tcarter@cpsm.mb.ca)  
Cell: 204 294 2162
